

## WORK / SAFE JOB RISK ASSESSMENT

Pulling belt on with a winch FC3

RISK	Y/N	HAZARD	CONTROLLED	REMAING RISK		
				L	M	H
1. coming into contact with moving machinery	Y	Vehicle movement around site	Hi-viz be aware	L	M	H
2.being hit by a flying object	N			L	M	H
3. being hit by a falling object	N			L	M	H
4.being struck by a vehicle	Y	Site traffic	Hi-viz be aware	L	M	H
5.striking against a fixed object	N			L	M	H
6.being cut	Y	Sharp edges	Wear gloves	L	M	H
7.a manual handling injury	Y	Lifting	Correct techniques get help	L	M	H
8.falling	Y	Feeding rope round	Use harnesses and approved lifts	L	M	H
9.tripping/slipping	Y	Site conditions	Be aware	L	M	H
10.pressurised systems(fluids, air etc)	N			L	M	H
11.being trapped under something	N			L	M	H
12. drowning suffocating	N			L	M	H
13. exposure to harmful substances	N			L	M	H
14. exposure to heat or hot surfaces	N			L	M	H
15. exposure to noise	Y	Winch engine	Wear ear protection when in area	L	M	H
16. exposure to vibration (HAVS)	N			L	M	H
17.something exploding or catching fire	N			L	M	H
18.electrocution	N			L	M	H
19. emitting dust,fumes,particles or gasses	N			L	M	H
20. generating waste	N			L	M	H
21. spillage to ground, drains or watercourses	N			L	M	H
22.neighbourhood nuisance	N			L	M	H

If the risk remains **high**, the work mustn't proceed without reference to your site representative  
Identify which (if any **SPECIAL RISK PERMITS** are required for this work (circle as appropriate)

Hot work	Y/N	Removal of handrails or flooring	Y/N	Coffined space entry	Y/N
Procedure override	Y/N	Breaking a surface	Y/N	Working on unguarded machinery	Y/N
